

# Logging into Sparx WITHOUT Microsoft

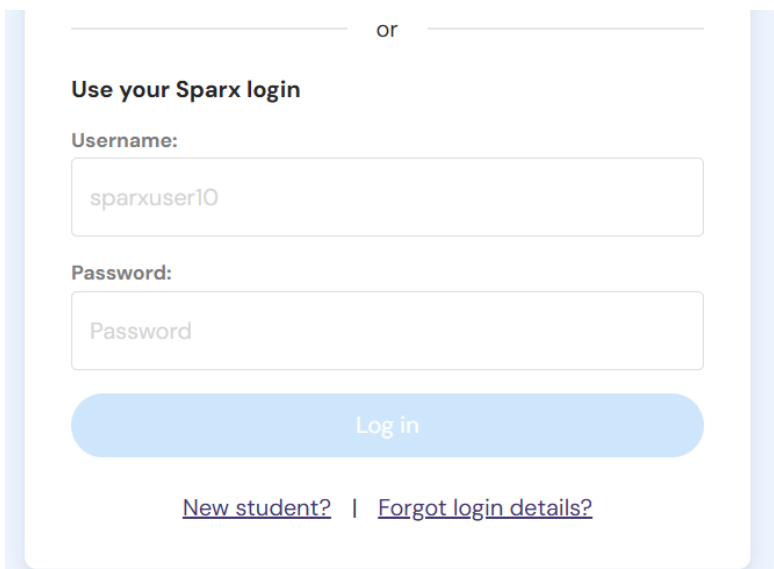

1. Go to [sparxmaths.uk](https://sparxmaths.uk) and click Student login

2. Type in Tenbury High Ormiston Academy and select the school

The image shows two side-by-side screenshots of the Sparx Learning school selection interface. The left screenshot shows the "Select your school" section with a search prompt "Start typing the name of your school to begin searching." and a text input field containing "Start typing your school's name...". Below the input field is a "Continue" button. The right screenshot shows the same interface but with a dropdown menu open below the input field. The dropdown menu displays "Tenbury High Ormiston Academy" as the selected option, with its address "Oldwood Road, Tenbury Wells, WR15 8XA" and the location "Tenbury Wells" listed below it.

3. Scroll down to the bottom and select New student?

The image shows the Sparx Learning login page. It has a light blue background. At the top, there is a horizontal line with the word "or" in the center. Below this line is the heading "Use your Sparx login". Underneath the heading are two input fields: "Username:" with the text "sparxuser10" and "Password:" with the text "Password". Below these fields is a blue "Log in" button. At the bottom of the page, there are two links: "New student?" and "Forgot login details?".

4. Fill in your name and date of birth. This will FIND your Sparx account. Don't worry - you're not creating a new account, so all of your previous work will be saved.

### Create your account

Fill in your details below to create your account.

Your first name:

Your last name:

Your date of birth:

[< Back to login](#)

4. This will show you your username. **You must remember this.**

### Step 1: Remember your username

This is your username, you'll use it each time you log in to Sparx.

username

Make sure you remember your username - you might even want to write it down somewhere.

5. Click on Set a password. Then, set your own password.

### Step 2: Choose your password

Now set a password, make sure you choose one that you will remember

Choose your password:

Your password needs to:

☒ Be 6 or more characters

6. Confirm your details. This is **checking** you can remember the username and password you just set.

### Step 3: Confirm your details

Let's check you have remembered your login details

Enter your username

Enter your password

[Show](#)

[< Back](#)[Check your details >](#)

### Good job!

Your details were correct and you can now use them to log in to Sparx.
