Dear Parents/Carers

### Maths – End of Year 10 Exams

I am writing to inform you that the Year 10 end of year Mathematics examinations will consist of a full set of GCSE papers. These exams will take place on the following dates:

- Tuesday 24th June
- Monday 30th June
- Tuesday 1st July

These examinations are an important opportunity for pupils to experience sitting full GCSE papers before beginning Year 11. Earlier this year, pupils completed shorter Year 10 mock examinations which provided them with an insight into the content and structure of GCSE exams. The end of year examinations will now build on this experience by helping pupils develop the exam stamina needed to sit longer papers successfully.

It is vital that all pupils revise thoroughly for these end of year exams. Revision lists will be given to pupils by their class teacher. Revision will not only help them strengthen and consolidate their mathematical knowledge, but will also allow them to develop effective revision habits and techniques. Learning how to revise independently will be a key skill for success during Year 11 and throughout their GCSE studies.

We appreciate your continued support in encouraging your child to prepare carefully for these examinations.

Yours sincerely

*K. Bromley*

Mrs Bromley  
Head of Mathematics, Statistics and Computer Science
