A Specialist Science and
Mathematics College

1st May 2026

Dear Parents and Carers

I am writing to inform you of an upcoming change to the structure of Year 11 form time, which will take effect from **Friday 8th May**.

Up to this point, Year 11 tutor groups have been organised primarily as intervention sessions, with a focus on English, Mathematics and Science. As pupils now move into the examination period, we are adjusting this approach to support their wellbeing and readiness for exams.

From Friday 8th May, form time will move away from subject-specific intervention and instead provide pupils with a calm, supportive start and end to the day. This change has been carefully considered to help pupils manage the pressures of the exam period and to ensure they feel settled and supported during this important time.

During form time, pupils are welcome to bring:

- Revision materials
- A reading book
- Colouring or similar quiet, purposeful activities

These activities are intended to promote focus, reduce anxiety, and support pupils' overall wellbeing as they prepare for their examinations.

We believe this change will help pupils enter their exams feeling more confident, composed, and better able to perform at their best. Subject-specific support and revision opportunities will, of course, continue to be provided through lessons, booster sessions and exam warm ups.

Thank you for your continued support. If you have any questions regarding these changes, please do not hesitate to contact the school.

Yours sincerely

G. Prouse

Mrs G Prouse
Head of Year 10 and Year 11
