

Wild school holiday fun

Worcestershire
Wildlife Trust

Don't get bored in the school holidays - try our fun nature activities instead!

Summer family nature day

Wednesday 19 August
10am - 2pm
Lower Smite Farm, Smite Hill, Worcester, WR3 8SZ

Explore a nature trail around the farm, get creative with a range of flora-inspired craft activities and have a go at hands-on wildlife activities such as pond dipping and minibeast hunts. Bring a picnic to enjoy on our benches and listen to the sounds of nature all around.

Free entry and no need to book! Find out more at bit.ly/SummerFamilyNatureDay2026

How to watch moths

You will need a white sheet, a washing line, pegs, a bright lamp or torches.

1. Peg your sheet on a washing line or over a branch.
2. Turn off nearby lights.
3. Shine your torch or light onto the sheet ... wait patiently.
4. Identify the moths that gather.

Make your own small mammal tunnel

You will need:

- 2-3 square-sided juice cartons
- Scissors
- Small margarine tub lid
- Bottle top
- Thin cleaning sponge
- Food colouring
- White paper
- Sellotape
- Bait - dog or cat food, peanut butter, mealworms, seed etc
- Branches, rocks and leaves

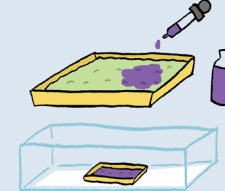

1 Cut the top and bottom off the juice cartons so that they slide together to create a tube.

2 Line the bottom with white paper and stick in place.

3 Cut a thin, clean sponge to size and place inside the margarine tub lid. Soak with food colouring and slide it to the middle of the tunnel.

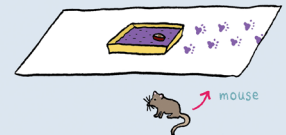

4 Put bait in a bottle top, and place this on the sponge.

5 Put the tunnel along a wall, fence or hedge. Cover with rocks, leaves and branches.

6 Leave overnight and check in the morning for prints.
