REFLECTIONS

My first day at Tenbury High

When my friends and I first arrived at Tenbury High Ormiston Academy on our first day as Year 7, we were welcomed by Mrs Dean and Mrs Wall and given our timetables by our Tutors. Luckily, our timetables were similar to each other and we were mostly in the same lessons.

As we all came from smaller schools, we were a bit worried about getting lost, but we soon knew our way around with the help of Year 11 pupils!

Our first lesson was Science with Mrs Yarranton. She had us burning metals which was great fun. After that was PE. We didn't do much as we didn't know where to get changed and where anything was, but it was not long until we did! Mr Morris told us what sports we would be doing in our lessons - it's going to be brilliant!

Then it was time for break. My friends and I went to the canteen to get some delicious food. After break, we had Maths with Mrs Bromley who gave us our books to write in and then we did some problem solving which everyone enjoyed. Next was English. Mrs Prouse gave us our pink books and told us to never give up!

Then it was lunch. My friends and I sat in the canteen and ate our lunch. Next, it was French with Mrs Lodo who taught us how to say 'Hello' and 'Goodbye' in French.

Finally, we had Geography and Mr Hawkins asked us to make a list of all the things we had already learnt. I am so happy that I have already made lots of new friends from different primary schools.

ASSESSMENT AND REPORTING POLICY

ASSESSMENT AND REPORTING

The purpose of our assessment and reporting procedures is to monitor pupil progress through each subject to help pupils and teachers identify areas for improvement and areas where pupils may require additional challenge. Understanding our pupils across the course of study allows us to prepare them fully to complete their qualifications successfully at the end of Year 11. Whilst Year 11 sounds a long time away, we need to begin the process on entry to THOA.

Prior to the September start for Year 7, Primary schools will share data with us as part of the transition process to high school. Early in Year 7, every pupil is tested centrally using a suite of GL assessments. These include: Cognitive Ability Tests (CATs), New Group Reading Tests (NGRT), Pupil Attitudes towards Self and School (PASS).

You can find more information about GL assessments here: <https://support.gl-assessment.co.uk/knowledge-base/assessments/>. The Primary and GL assessment data is collated and then shared with teaching staff to create an academic profile of pupils and allows teachers to tailor their curriculum and lesson planning to best support pupils. This data is also used to create teaching groups for lessons.

At Tenbury High, we conduct regular formal and informal assessments in each subject at Key Stage 3 (Year 7, 8 and 9). Parents/carers are reported to following our formal mid-point and end-point assessment windows (January and June).

Following these formal assessment windows, we also make adjustments to teaching groups to ensure pupils across the cohort are placed in the most appropriate teaching groups. In Key Stage 3 (Year 7, 8 and 9) we also have one annual parents' evening for each year group.

In Key Stage 4 (Year 10 and 11), pupils complete end of unit assessments based on the design of each subjects' curriculum. Key Stage 4 pupils also sit three mock examination windows (one in Year 10 and two in Year 11) which are completed in the Sports Hall. The mock examinations are in addition to the Year 11 summer examination window, which runs from May to June.

Throughout Key Stage 4, some subjects may also have additional submission deadlines for coursework or practical based activities which are known as Non-Examined Assessment (NEA). Parents/carers will be reported to following the mock exams in both years of Key Stage 4; there will be target data and attainment data provided on this report.

Privacy Notice for Pupils

You already know that your school is called Tenbury High Ormiston Academy and that it is part of the Academy Trust called Ormiston Academies Trust.

Ormiston Academies Trust is a 'Data Controller' as defined by Article 4 (7) of GDPR. This means that we determine the purposes for which, and the manner in which, your personal data is processed. We have a responsibility to you and your personal data and will only collect and use this in ways which are compliant with data protection legislation.

The Trust has appointed Alexandra Coughlan to be its Data Protection Officer (DPO). The role of the DPO is to ensure that the Trust is compliant with GDPR and to oversee data protection procedures. The contact details are: dpo@ormistonacademies.co.uk

1 Victoria Square Birmingham B1 1BD

*Please ensure you include the name of the school in all correspondence with the DPO where appropriate.

A full copy of the Privacy Notice can be found on in the policy section on the school website.

<https://tenburyhighormistonacademy.co.uk/key-info/policies>

ParentPay

The academy operates an online cashless system called ParentPay for paying for events, trips, lockers, revision guides, meals and refreshments. You will be given a letter with instructions on how to register for your online ParentPay account. **Lunch Accounts must be kept in credit at all times.** The canteen cannot allow pupil accounts to have a debit balance.

All trips are set up on Parentpay (even free ones) – it is essential that we have consent completed for every trip in Parentpay to allow pupils to go on trips.

Free School Meals

If you are eligible for free school meals, this will usually transfer with you from Primary School. If you live in a different local authority it maybe that you will need to reapply. Please check eligibility using the following link: <https://www.worcestershire.gov.uk/schools-education-and-learning/free-school-meals>.

Cashless Catering

Pupils need to have a cashless catering account to be able to use the **catering service** and it is necessary to complete the application form contained in the pupil data forms pack (you may have already done this). The account will be set up by the academy and Parents/Carers/Pupils may then upload credit into the account so that meals may be paid for without using cash over the counter. Accounts must be kept in credit at all times. The account must be either biometric (thumb measurement) identification (you put your thumb onto a pad when you have chosen your food and it recognises it) or by using a PIN (personal identification number which is tapped into a keypad). We encourage children to use the biometric option as this is much faster.

Payments for meals and refreshments may be made by:

- ◆ Online via ParentPay
- ◆ Cash via the cash machine in the Orchard Suite (Dining Room)
- ◆ Full instructions will be given to pupils during the Year 6 Induction Day and during the first few days at school.

We ask for all parents to pay for trips, events and revision guides using Parent Pay.
